Do You Know The Answer? **True or False**

1. What I do in 9th grade won't affect anything in my following years of high school.
2. Although a grade of a D gets me credit for a course, it negatively affects my GPA.
3. Partial credit for assignments can make a big difference in the final outcome of my grade.
4. My grades/GPA have an effect on my participation in other campus activities.

What I do in 9th grade won't affect anything in my following years of high school.

9

- ▶ **FALSE**
- ▶ Your high school years are **cumulative** – meaning everything you do from the start of 9th grade till the end of 12th grade counts!!! Therefore, you should consider what you want your final outcome for high school to be and be working on it now.

Although a grade of a D gets me credit for a course,
it negatively affects my GPA.

10

- ▶ **TRUE**
- ▶ **Although a D will get you credit for a course, it only counts for 1 point on the grade point scale and therefore could present a problem when it comes to your GPA calculation.**
- ▶ **EX: If a student has 4 D's, 2 C's, and a B, what is their GPA?**
- ▶ **Does the GPA meet the requirements of their GPA for graduation?**

GPA...How does it work?

Each grade you earn is worth a certain number of points.

Un-weighted

A = 4
B = 3
C = 2
D = 1
F = 0

Weighted (Honors)

A = 5
B = 4
C = 3
D = 1
F = 0

Weighted (AP/AICE/DualEnroll.)

A = 6
B = 5
C = 4
D = 1
F = 0

*** Note that D's and F's do not receive weighted points!**

Let's Try It...

- HOPE - C
- World History - C
- Physical Science – D
- Band 1 – C
- English 1 – B
- Algebra 1 – C
- Intensive Reading - D

*Note that this student passed all 7 courses, **HOWEVER...**

To calculate GPA, add up the total number of points earned.

- $2+2+1+2+3+2+1=13$

Then divide the total by the number of courses taken.

- $13/7=1.8571$

- This student has a 1.8571 GPA and therefore is not on track for graduation.

Partial credit for assignments can make a big difference in the final outcome of my grade.

13

- ▶ **TRUE**
- ▶ **Receiving partial credit for an assignment can make a big difference in the outcome of your grade.**
- ▶ **Consider the following scenario for a student who receives no credit vs. partial credit for assignments:**

What a Difference Half Credit Makes!

Assignment 1 = 80
Assignment 2 = 0
Assignment 3 = 75
Assignment 4 = 60
Assignment 5 = 100
Assignment 6 = 0
Assignment 7 = 79
Assignment 8 = 0
Assignment 9 = 95
Assignment 10 = 80

Total Points/# of Assignments $569/10 = 56.9$

*** This student earned an F for the 9 weeks**

Assignment 1 = 80
Assignment 2 = 50
Assignment 3 = 75
Assignment 4 = 60
Assignment 5 = 100
Assignment 6 = 50
Assignment 7 = 79
Assignment 8 = 50
Assignment 9 = 95
Assignment 10 = 80

Total Points/# of Assignments $719/10 = 71.9$

*** This student earned a C for the 9 weeks**

From Final Grades to GPA

15

If the student from the last example gets C's in two of his courses instead of F's due to getting partial credit on assignments, look how big of a difference it could make in his GPA!!!

My grades/GPA have an effect on my participation in other campus activities.

16

- ▶ TRUE
- ▶ Your GPA is part of your sports eligibility. A 2.0 is required, NCAA requires higher.
- ▶ Many of the clubs and organizations on campus also have a GPA requirement.
- ▶ Some organizations outside of school use your grades/GPA as a consideration, including Homecoming and/or Prom.
- ▶ And postsecondary studies will use your grades/GPA to determine admittance into their institution.

How can you improve your GPA?

- Earn A's and B's and DO NOT earn D's or F's
- If you must retake a course because you earned a D or F for grade forgiveness, earn a B or better the 2nd time.
 - Summer School
 - Credit Recovery on Edgenuity
 - Orange County Virtual School/Florida Virtual School
- Florida Virtual School (www.flvs.net) – take a new course and earn an A or B (ex. Drivers Ed., Peer Counseling)

Career and Technical Education

What is CTE?

Career and Technical Education (CTE) is the practice of teaching specific career skills to students in middle school, high school, and post-secondary institutions.

Our Programs

- * 3D Animation Technology
- * Agriculture
- * Computer Science
- * Digital Media
- * Digital Video Technology
- * Engineering (PLTW)
- * Health Sciences
- * Journalism
- * Criminal Justice
- * Early Childhood Education

The Advantages of CTE

- * Honors/Weighted GPA Points
- * Industry Certifications
- * Dual Enrollment at Orange Technical College
- * Articulated Credit at Valencia College

Industry Certification

Industry certification is a credential that documents the level of technical skill mastery an individual has achieved. Each field has a specific certification that is recognized throughout that industry for specific technical skills.

Dual Enrollment at OTC

Dual Enrollment is a program that allows you to take courses at Orange Technical College while still enrolled in your high school. High school students who are in grades 11 and 12 may attend a campus for a half-day and earn elective credits to obtain a career.

- ▶ Career & Technical Education (CTE) courses are classes in which students can earn an industry certification
- ▶ Will lead to an acceleration point
- ▶ What is an industry certification?
 - ▶ Can be placed on your resume
 - ▶ Can get you a higher position in a job than standard entry level
 - ▶ Can earn you more \$\$\$

Online Course Requirement

Students must take at least one online high school course and complete it with a passing grade in order to meet the online course graduation requirement. One entire course means that if the course is one whole credit (example, HOPE), the student must successfully complete both semesters. If the course is only half a credit (example, Personal and Family Finance), the student must successfully complete the semester in order to fulfill the online course requirement.

Directions for signing up for an online course

1. Go to FLVS.net
2. Click "Enroll"
3. Click "County Virtual School Grades 6-12" then "Enroll" again.
4. Click "I live in Florida"
5. Click "Orange County"
6. Click "Public/Charter School Student" and "Continue"
7. Select the course you are interested in taking
a. Select the Segment/Semester (remember, if the course is one whole credit, you must select and complete both segments/semesters)
b. Select the Virtual School you prefer, either Florida Virtual (statewide) or Orange County Virtual (taught by Orange County Public Schools teachers who are more accessible)
c. Select your preferred start date (you can select a date in the future - for example, you can select the first day of summer) and click "Continue"
d. Select your reason for taking the course (most likely to "Satisfy online course graduation requirement" and select that the "No, this is not on my class schedule" and how you heard about FLVS.net and click "Continue"
e. Click "Create My Account" and answer all of the Sign Up questions. At the end of the registration, you will receive your username and password. Keep your username and password in a secure location in case you forget.
f. Once you have completed your registration and signed up for your course, your counselor will be able to approve your course selection. Remember to check your account frequently (approximately twice a week) to see when a teacher has been assigned to you. Once you have been assigned a teacher, you will be required to contact your teacher before you may begin your class.

Incoming 9th Grade Students:

If you will be taking a course over the summer, please request that course with a start date of the first day of summer, and your middle school counselor will approve it.

After the last day of school, you will need to transfer your account to Lake Nona High School:

a. Log in, access your dashboard and click on the menu (upper left-hand side)
b. Click on your academic profile and select Lake Nona HS

Lake Nona High School recommends the following courses:

- HOPE (Health Opportunities through Physical Education)
 - GRADUATION REQUIREMENT
- Driver Education/Traffic Safety (6 weeks)
- Personal and Family Finance
- Peer Counseling (6 weeks)
